PROFESSIONAL SUMMARY

Computer Information Systems graduate with a strong foundation in software development, full-stack web development, software testing, databases, and artificial intelligence concepts including LLMs and NLP. Passionate about learning new technologies, solving problems, and contributing to innovative projects. Seeking an opportunity to apply and further develop technical skills in a professional environment.

PROJECTS

InternEra – AI-Powered Internship Management Platform

Technologies: React, FastAPI, PostgreSQL, JWT Authentication

- Developed a full-stack web platform connecting students with internship opportunities.
- Implemented role-based authentication for Admin, Student, and Company users.
- Designed and managed the PostgreSQL database structure.
- Developed internship posting, application, and management functionalities.
- Integrated AI-powered CV analysis and internship matching features.
- Built dashboards for managing students, companies, internships, and applications.

Arabic Spam Email Detection Using AraBERT

Technologies: Python, AraBERT, LLMs, NLP

- Fine-tuned an Arabic large language model (AraBERT) for spam email detection.
- Built a text classification pipeline for identifying spam and legitimate emails.
- Applied NLP techniques for Arabic text preprocessing and analysis.
- Evaluated model accuracy and classification performance.
- Prepared a complete IEEE-style research paper documenting the methodology, experiments, and results.

EDUCATION

Bachelor of Computer Information Systems (CIS)

Yarmouk University • Irbid, Jordan • 2022-2026

TECHNICAL SKILLS

Programming-Languages: JavaScript (ES6+), Python, PHP, SQL

Web-Technologies: HTML5, CSS3

Front-End: React.js

Back-End: FastAPI, REST APIs, JWT Authentication

Databases: PostgreSQL, MySQL

AI & NLP: Natural Language Processing (NLP), AraBERT, Transformer Models, Prompt Engineering

Software Testing: Manual Testing, Functional Testing, Test Case Design, Bug Reporting

Networking: TCP/IP Fundamentals, Basic Networking Concepts

Cloud: Cloud Computing Fundamentals

Tools: Git, GitHub, Posgress, VS Code, Microsoft Office

CERTIFICATIONS

Data Analytics and Business Intelligence Technology : Al-Hussein Technical University | 2025

LANGUAGES

Arabic: Native **English:** Professional Working Proficiency
